8-9 June 2026

Fairmont Le Montreux Palace Hotel,
Montreux, Switzerland

The Event

The World Family Office Forum | Europe brings together the region's leading business families, family offices and capital stewards in a private, invitation-only environment.

The sixth edition of the summit brings together an exceptional community of family principals, family office leaders, and trusted advisors for in-depth dialogue on the most pressing challenges and opportunities facing families today. From navigating succession and governance to exploring new frontiers in investment and innovation, every session is designed to spark meaningful dialogue.

Built around private closed-door discussions, roundtable presentations, and informal networking, the forum creates a trusted, confidential environment where families can speak openly, share experiences, and form lasting, meaningful partnerships together.

Hosted by Connect Group, a long-established global leader in family office events, the forum blends international perspectives with a distinctly European lens. The audience brings together families and their offices alongside a small, carefully selected mix of trusted contributors and partners, fostering a peer-led atmosphere and conversations grounded in experience.

Whether you're seeking strategic insight, or new connections with your peers, the World Family Office Forum | Europe offers a rare opportunity to engage, learn, and take away practical ideas and relationships that can shape the future of your family office.
